I feel what I gained from this amazing opportunity was a better skillset to tackle audiovisual material challenges, awareness that establishing relationships with community members can go a long way to being trusted to maintain Native Hawaiian cultural materials, and most importantly friendship that provides the sharing of knowledge and support of one another.

~ April Rodriguez, Class of 2015
My experience at ‘Ulu‘ulu was absolutely wonderful. The staff are so welcoming, knowledgeable, and competent, and the collection is unique and priceless. I feel so fortunate that I was able to spend the last several months at ‘Ulu‘ulu, and I hope to continue my learning of Hawai‘i’s moving image history.
